INVITATION TO ALL SERVICE PROVIDERS

ULUNDI MUNICIPALITY DATABASE REGISTRATION

All service providers wishing to do business with Ulundi Municipality are urged to register on Central Supplier Database (CSD) with National Treasury as soon as possible.

Failure to do so will result in the service providers being unable to do business with Municipality. The main purpose of the registration amongst others is to eliminate challenges experienced in the current decentralized procurement systems. For further information and to register on the Central Supplier Database follow the link: www.csd.gov.za

To those prospective services providers who are already registered with the Central Suppliers Database we are requesting them to please provide Ulundi Local Municipality with detailed report for them to be registered on Ulundi Municipality List of Suppliers Database.
