8.1 The Municipal Performance Plan for the 2024/2025 financial year sets out:

8.1.1 The key performance areas for which the Employee is responsible.

8.1.2 The performance objectives and targets that must be met by the Employee.

8.2 The **Employee's** assessment will be based on his performance in terms of the output/outcomes (performance indicators) identified as the performance plan annexed into this agreement, which are linked to the Key Performance Areas, and will constitute 80% of the overall assessment results as per the weightings agreed into between the **Employer** and the **Employee**:

8.3 The **Core Competencies** will make up the other 20% of the **Employee's** assessment score. In terms of Local Government: Regulations on appointment and conditions of employment of Senior Managers, Reg. 21 of 17 January 2016, the "Core Competencies" are competencies that cut across all levels of work in a municipality and enhance contextualised leadership that guarantees service delivery impact; and "Leading competencies" means competencies that are required to develop clear institutional strategy, initiate, drive and implement programs to achieve long-term sustainable and measurable service delivery performance results. There is no hierarchical connotation to the structure and all competencies are essential to the role of a senior manager to influence high performance. All competencies must therefore, be considered as measurable and critical in assessing the level of a senior manager's performance and as listed as follows:
