OUR VISION

"A developmental city of heritage focusing on good governance, socio-economic development and upholding tradition to promote sustainable service delivery"

OUR MISSION

- 1** Committed to Democracy through strategic private and public partnerships.
- 2** Promotion of eco-tourism and cultural events by forging strong relationships with traditional structures and special groups.
- 3** Providing value for money driven infrastructure through well - structured spatial development and the management of natural resources.
- 4** Fostering an effective, innovative and vibrant work force with a good work ethic work force and the inculcation of a good work ethic.

IDP/LED & BUDGET ROADSHOWS 2026

Led by His Worship the Mayor, Cllr Wilson Ntshangase, Ulundi Municipality embarked on the 2026 IDP/LED and Budget Roadshows across all 24 wards.

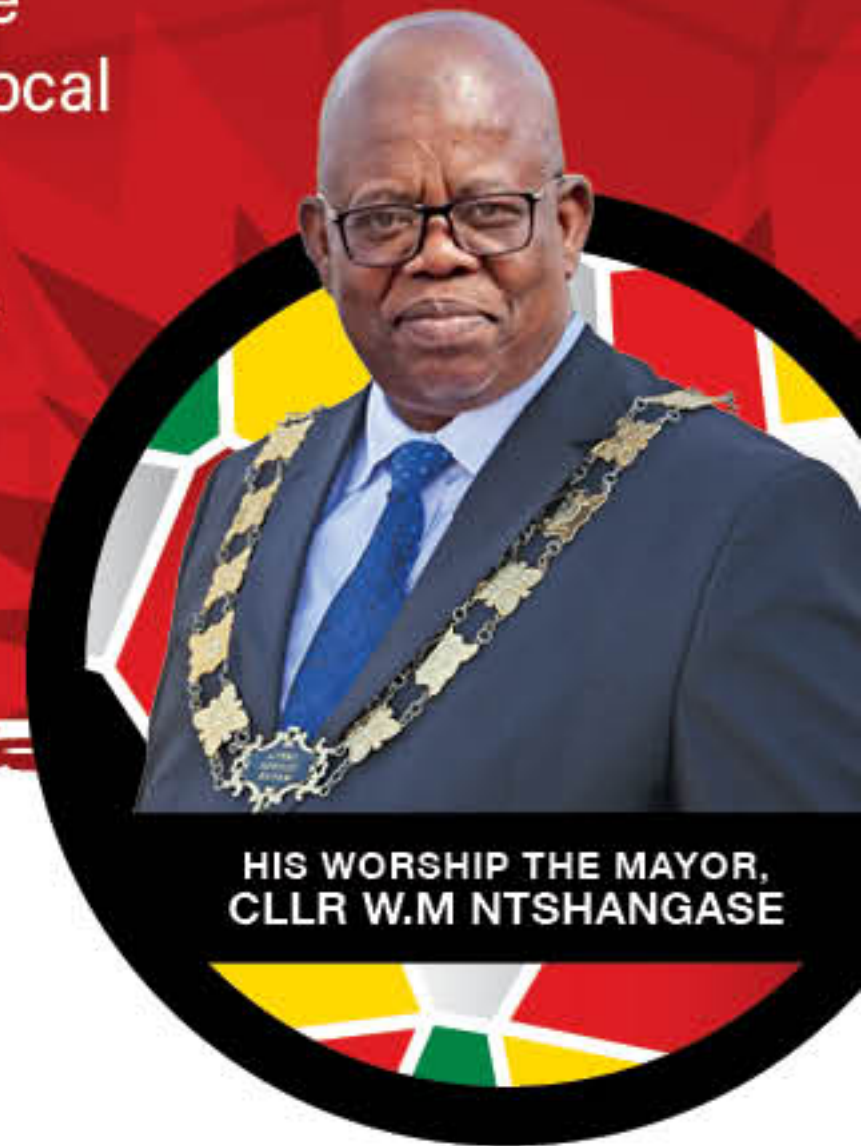

The roadshows formed part of the Municipality's ongoing public participation and community engagement programme aimed at strengthening transparency, accountability and inclusive development. Residents were engaged on service delivery matters, development priorities, municipal programmes and the budget planning process.

The engagements also reflected the Municipality's commitment to addressing community needs raised during consultations. During the visits, the Municipality handed over support equipment to community cooperatives in different wards as part of efforts to promote local economic development and community empowerment.

These interventions form part of the Municipality's continued work throughout the 2021-2026 term to equip communities with practical support that assists residents to create opportunities, improve livelihoods and participate meaningfully in Ulundi's local economic activities.

Ulundi Municipality continues to demonstrate visible service delivery, accountability and development in action across our communities,

#SethembekileNje!

HIS WORSHIP THE MAYOR,
CLLR W.M NTSHANGASE
